Reasons to select High Peak Access:

**HIGH PEAK
ACCESS LTD**

High Peak Access Ltd is a rope access and geotechnical company based in the Peak District, Derbyshire. With our highly skilled team, we specialise in services for heritage sites, national parks and to the quarrying industry. We work with clients across the UK supporting various projects such as rock face netting, inspections, vegetation removal and geotechnical works.

We offer alternative access solutions for a wide range of services helping our clients to reach the solutions they need quickly and safely, such as the following:

Rope Access

**Geotechnical Services and Rock
Fall Containment**

Emergency / On-call Services

**Vegetation Removal
(cliff faces, castles, etc.)**

121 Consultations & Site Visits

Inspections and Drone Survey

Scaling

Confined Space + Rescue

**Industrial Window Cleaning and
Roof Maintenance**

Please do not hesitate to contact us if you have any questions.
